

Attention Sports Minded People

- Do you, or your clients deal with pain, stiffness or inflammation due to Osteoarthritis?
- Do you or your clients train at very high and intense levels causing extra stress to joints?
- Do you want to find out more about Osteoarthritis and what you should do?
- Then this seminar is for **you!**

Dr David Hunter has gained worldwide recognition as one of the leading researchers in osteoarthritis. David will elaborate on prevention tactics, conservative management and address 'what you need to know and what you should do'. David is a Professor of Medicine and Master of Sports Medicine.

Challenge Stadium - Saturday 31st March 2012 - 9:45am for 10am start
